A Foster Care Connection

January 2024

Welcome to More Love To Give

We are excited to bring you our first very first More Love To Give Newsletter filled with resources and updates. In this issue we aim to highlight the importance of providing Bibles and Duffle Bags to foster children as an opportunity for you to get connected with the foster care community. You may not be able to foster a child, but there are other ways to get involved and More Love to Give is here to help you get connected in simple ways to the foster care community.

Bibles for foster children

With the uncertainty and instability many foster children face, having their own Bible can offer them solace, peace, stability and hope. Having a Bible can positively influence their identity and help in character development. The Bible will introduce them to stories of faith, healing and moral values.

MLTG has seen how relationship with the Lord and having a Bible has brought joy, healing, comfort and peace to children in foster care amidst the most difficult times in their life. Go to www.morelovetogive.org to donate.

Why duffle bags?

Donating duffle bags for foster kids is crucial for several reasons. During very difficult transitions where children are being removed from their home, every form of care, thoughtfulness and compassion aid in their foster care experience. Firstly, duffle bags provides them with a sense of dignity and ownership instead of relying on trash bags. Secondly, duffle bags are durable and spacious. Lastly, it shows support and care reminding these children that they are valued and deserving of proper care and consideration. Go to www.morelovetogive.org to find ways to contribute.
